HIV & AIDS Review. International Journal of HIV-Related Problems is the official journal of the Polish AIDS Research Society (PTN AIDS).

HIV & AIDS Review. International Journal of HIV-Related Problems publishes several types of paper: original papers, preliminary communications, epidemiology - population studies, psychological and socio-medical aspects of HIV/AIDS, educational aspects, patient-physician relationship, conference or workshop summaries, product investigations - scientific evaluations on medical and pharmaceutical products, case reports, letters to the Editor, reviews and special reports. A limited number of articles either by invitation or following your suggestions will be of a more “tutorial” format written by experts for scientists seeking introduction into or clarification on some important issues in HIV-related research areas. It is published quarterly.

HIV & AIDS Review. International Journal of HIV-Related Problems is abstracted and indexed in SCOPUS, EMBASE, Index Copernicus, Polish Ministry of Science and Higher Education (PMSHE), and recommended by International Committee of Medical Journal Editors (ICMJE).
